SPONSORS & SPEAKERS FEEDBACK

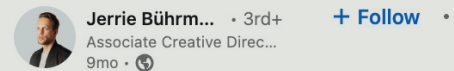

What an amazing event! 🥰

It was probably the scariest thing I've ever done in my life, but I had a great time sharing my insights on stage 😊

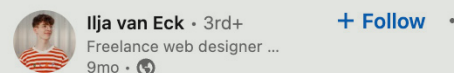

It was really an honor to be there! Thank you [awwwards](#). for making it happen. 🙏🥰

I look forward to seeing you all again soon!

Had a total blast on stage at the [awwwards](#). conference '22. Talking about how to collaborate better between designers and developers. Together with [Bruno Tomé](#) representing [Build in Amsterdam](#)

[#designers](#) [#awwwards](#) [#conference](#) [#developers](#) [#amsterdam](#) [#collaborate](#) [#design](#) [#webdesign](#) [#webdevelopment](#) [#collaboration](#) [#love](#) [#portfolio](#) [#publicspeaking](#) [#development](#) [#uiux](#) [#homosapiens](#)

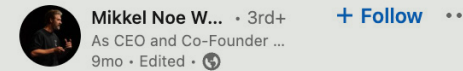

What an experience last couple days at the [awwwards](#). conference in Amsterdam. Being invited to do a dev session was something I never expected, but it was so fun to do. Judging from the crowd's faces, I think some people were surprised by the possibilities that [Webflow](#) offers :)

Besides that it was incredible to listen and talk to so many people I look up to, thank you [Niccolò Miranda](#) [Isabel Moranta](#), [Bruno Arizio](#), [Zhenya Rynzhuk](#), [Dust™ Leblanc](#), [Louis Paquet](#), [Anais Iris Lefebvre](#) and everyone else.

Special thanks to [Luciano Borromei](#), [Rodolfo Pereda Villa](#) and the whole team for inviting me and arranging such an event.

See you all next year.

Thank you, [awwwards](#).
It was a pleasure to share the story of [Granyon](#), how we use no-code, and found our purpose to do good with design. Three days with great experiences. And wonderful to meet exciting and inspiring people from all over the world.

Loved the talk by [Cabeza Patata](#) I hope we'll be working together one day.

What a well-organized event! Count me in next time.

[estudio/nk](#) sponsored the last [Awwwards](#) Conf. It was amazing to see our lovely logo alongside very important companies like [Adobe](#), [Craft CMS](#), [Build in Amsterdam](#), [Flow Ninja](#) - [Webflow Enterprise Partner](#), [Thunderfoot](#), [Vev](#) and [Hostinger International](#)

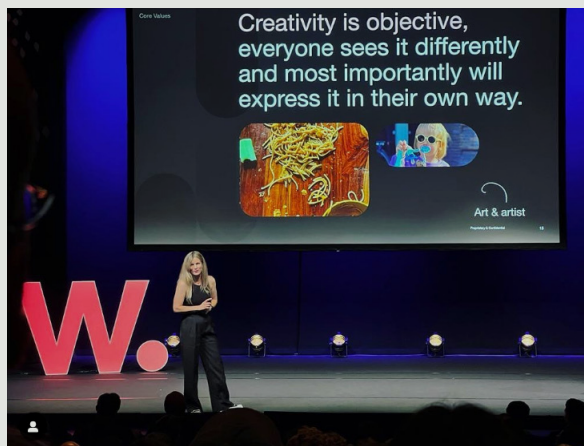

This was my second time at Awwwards Conf, and I can say it was incredible. An incredible energy, great people, talks and above all, the possibility to connect beyond our profession. It was a wonderful experience that I got to share with [Matias](#) and [Julian](#).

Thanks to [Filippo Cipriani](#), [Camilla Zampolini](#), [Bruno Arizio](#), [Niccolò Miranda](#), [Sofia Papadopoulou](#), [Daan Klaver](#), [Jean-François Chainé](#), [Fulvio Romanin](#), [Liva Grinberga](#), [Ilja van Eck](#), [Louis Paquet](#), [Noel Priego](#) - [Startup Advisor](#), [Jose Francisco Rago](#), [Dust™ Leblanc](#), [Facundo Santana](#), [Resn, Numbered](#), [Juan Pablo Araneta](#), [Uros Mikić](#), [Luciano Borromei](#), [Stacia Tasmin](#), [Juan Pablo Borromei](#) and many others for their openness, friendship and talks, and thanks to our team that put up with it during these days.

Congratulations [Daniel Perez Pinazo](#), [Rodolfo Pereda Villa](#), [Rachel Edwards](#) and the entire [Awwwards](#) team for the enormous professionalism, quality and support throughout the event.

See you in the next conference guys!

Pst! If you have photos with the white 🍷 or black 🍷 bottle, please feel free to share it in the comments section 🙌

[fanny_morrien](#) Day 1: Digital Thinkers Conference by [@awwwards](#). How wonderful to be able to immerse ourselves with part of the design team in the best of digital design right now. Talks about motion for the web, leadership for creative teams, David Bowie translated into symbols and patterns and the most mind-blowing & handsome designs. My heart opens to so much digital beauty op. 'Aesthetics is just as important as function'. Amen. [#digitaldesign](#) [#webdesign](#)

I Just got back from Amsterdam for my first-ever conference.

Two days later and I'm still speechless 🤔

[awwwards](#). Conference 2022 was a life-changing experience for me.

Lots of talks, insights, and breathtaking projects (and lots of fun 🥰).

But the best part was being able to meet so many talented people that share my same passion.

I felt at home.

I can't thank enough, [Bruno Arizio](#), [Lama Lama](#), [Cabeza Patata](#), [Build in Amsterdam](#), and (especially) [Niccolò Miranda](#) for being such inspirations. Being in the same room as [Adoratorio](#), [Locomotive](#) was so thrilling. You sparked my passion 🌟

Now, I can't wait to get back to work, more motivated than ever.

Until next time ❤️

P.s. Shoutout to [Valentina Marafioti](#) for being the best travel companion I could've ever ask for.
